

IF YOU ARE EXPERIENCING ANY OF THE FOLLOWING CONCERNS YOU MAY BENEFIT FROM A VISIT TO OUR CLINIC:

- Shallow latch
- Low milk supply
- Pain with latching
- Pain between feeds

- Fast letdown
- Slow infant weight gain
- Tongue tie

- Clogged ducts
- Mastitis
- Oversupply

Our team of Lactation Consultants can offer lactation and feeding support visits covered by MSP for the first 6 weeks following delivery. You will need a referral from your Doctor/Nurse Practitioner or a nurse for this service. If you continue to have feeding challenges beyond 6 weeks postpartum you can self-refer to our program. In this case, MSP coverage doesn't apply so you would pay \$120 for a one-hour visit. You can call our clinic or email us to get more information, book an appointment or access the referral form to give to your medical care provider.

Find the referral form for the Community Infant Feeding Centre at: https://bit.ly/3asWZqc or scan the qr code
